WHY ONLINE ASSESSMENT?

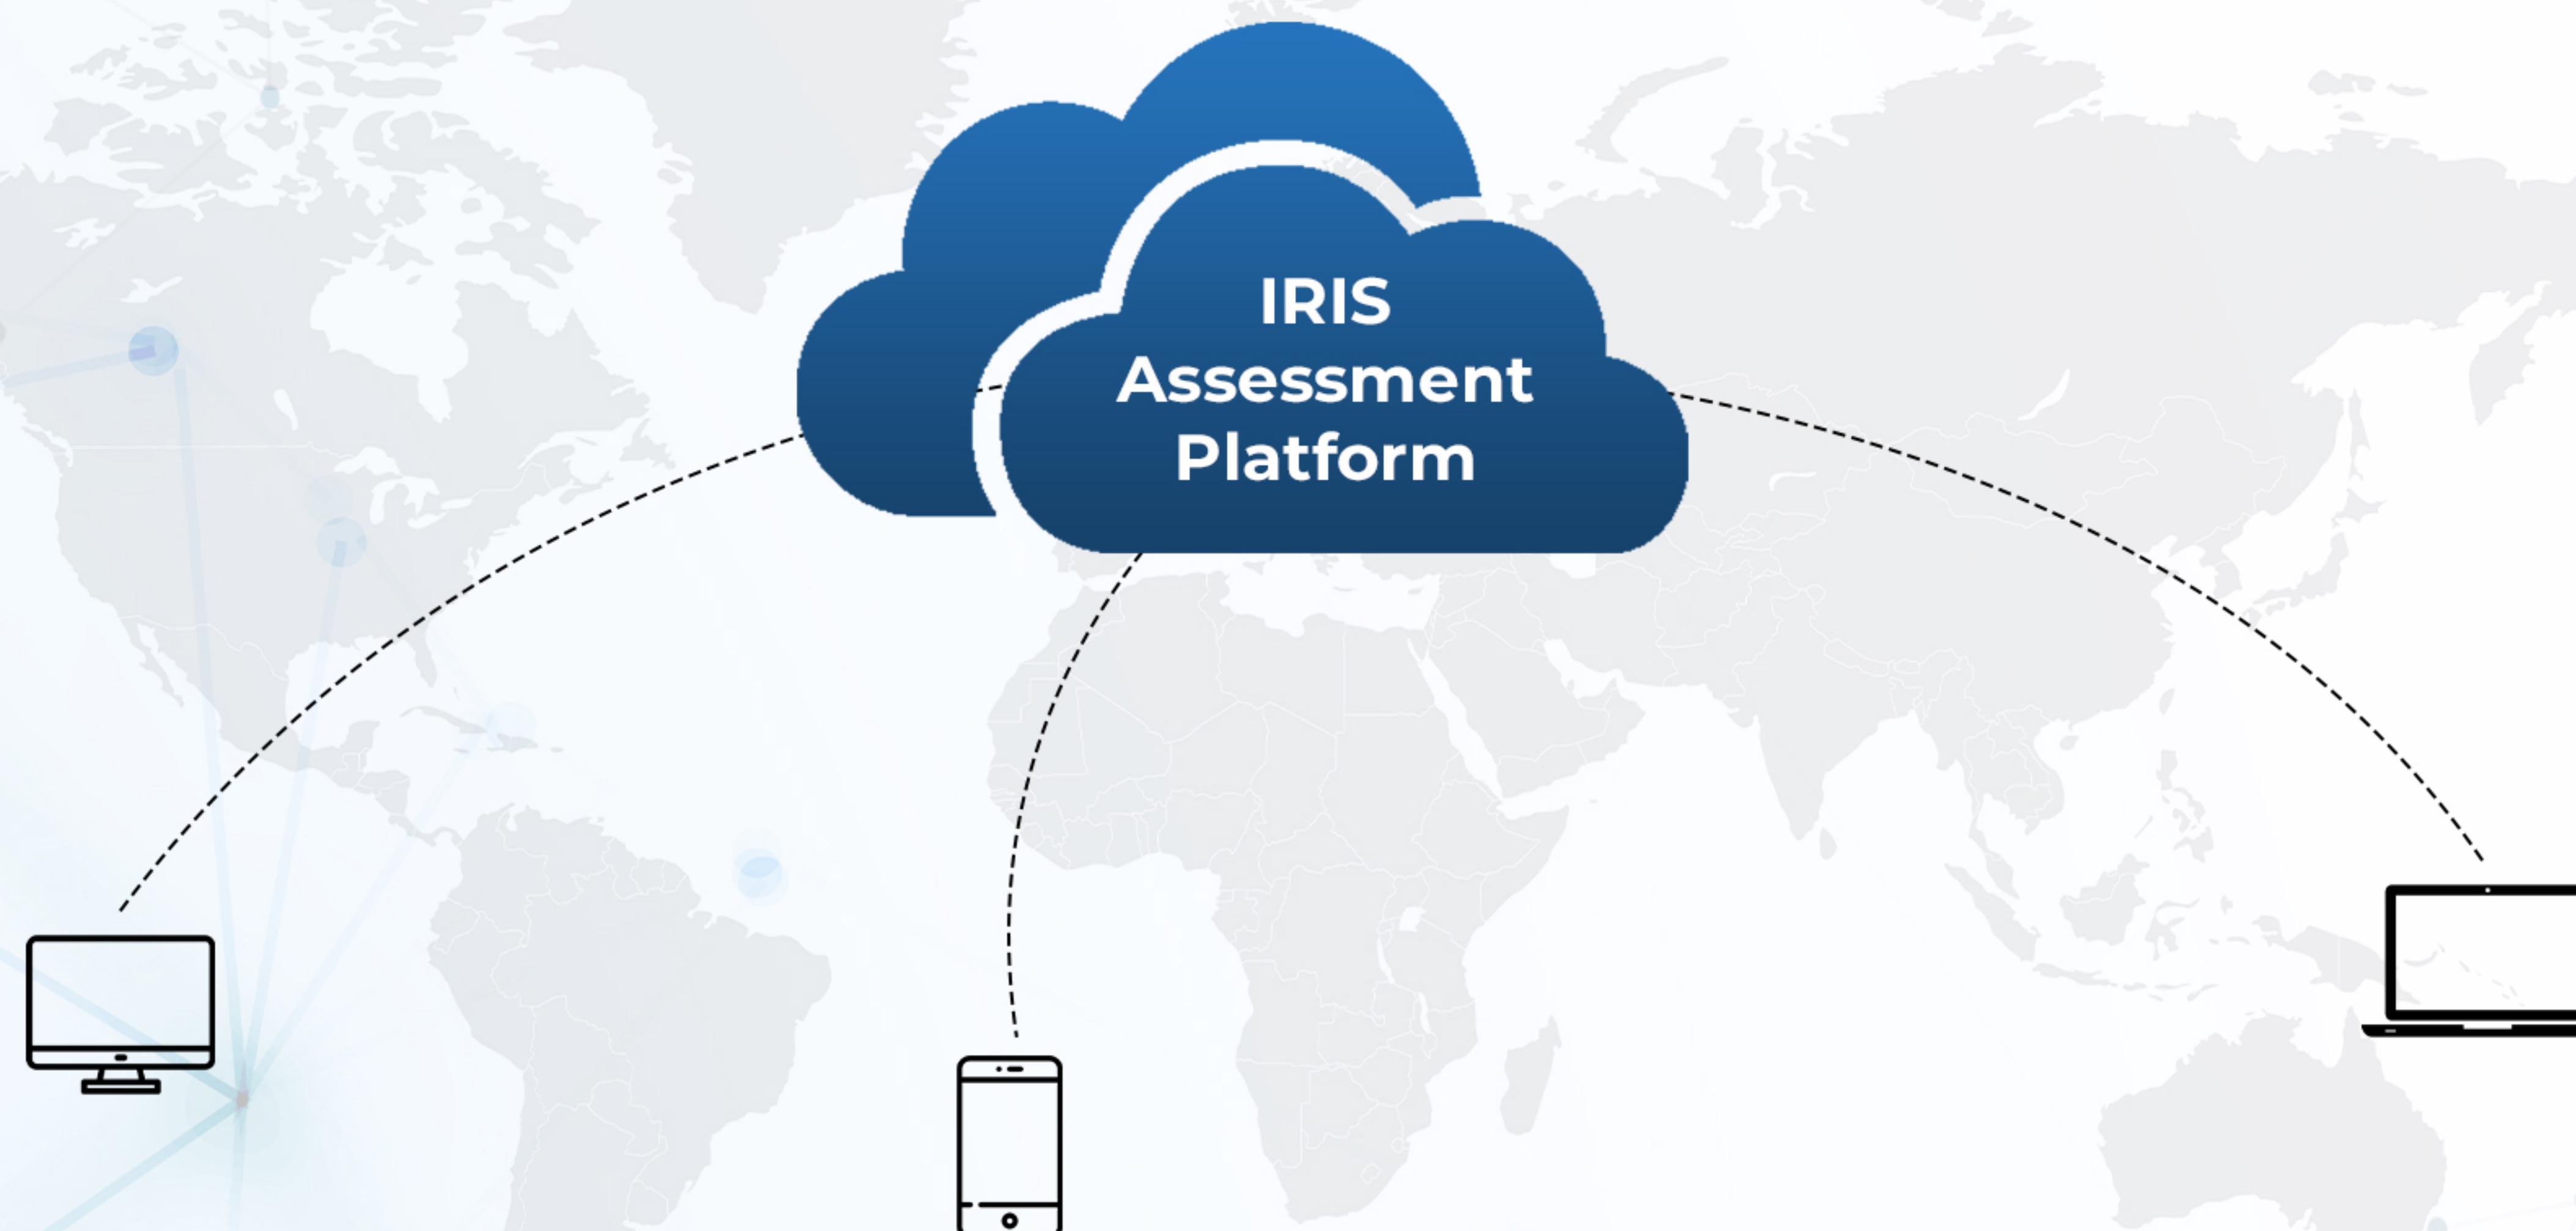

Problem with traditional assessment methods

ASSESSMENT SIMPLIFIED

For reliable and accurate measure of capabilities at scale

Aptitude

Technical

Psychometric

Coding

Role Based

Skill Based

SALIENT FEATURES OF ONLINE ASSESSMENT

ALL DEVICE COMPATIBLE

Online Assessment platform is designed to run on different types of devices, from phones to tablets and laptops.

GEO TAGGING & TIME STAMP

Track candidate's geo-location and record time logs for the assessment taken by the candidate.

QUESTION BANK ANALYSIS

Question Bank Analytics help to identify the usage pattern of the questions and assist in identifying the fitment.

POWERFUL REPORTING

The flexible and customized reports help in quick decision making and select the candidates within the desirable score zone in a quick view.

SECURE API

Secure API support allows the user to integrate assessment platform with any system. This adds value to the existing workflow without disrupting the routine.

PRIVATE ASSESSMENT LINK

Use private link for assessment by invitation only wherein the candidate need not register or login.

COMPANY BRANDING

Enhance organization profile with visibility of brand identity to candidates while taking the assessment.

SUPPORT CENTER

Support team ready to guide the user on every step.

MULTILINGUAL ASSESSMENTS & ALL FORMAT SUPPORT

Proficiency in regional languages with comprehensive format support.

SALIENT FEATURES

ONLINE ASSESSMENT: SECURITY FEATURES

Remote Proctoring Console

Online proctoring enables the assessment administrator to proctor (notify/warn/terminate) the candidates remotely through the monitoring console.

OTP based Authentication

OTP-based authentication enhances online assessment security by ensuring only authorized users access the assessment.

Robust Concurrency

The platform is built to support a significant number of users taking the online assessment at a time besides eliminating any latency or delay in rendering the online assessments.

SECURITY FEATURES

Track Browser Movement

Platform keep the track of browser movements and warns the candidate from navigating away from the assessment window.

SSL Enabled

SSL link ensures 100% data integrity between the web server and browser.

Face Detection & Recognition

Face Detection & Recognition ensures the integrity & security of assessments by verifying and monitoring the identity of participants.

ONLINE ASSESSMENT: GENERAL FEATURES

Easy Question Bank Management

Randomization of Questions & Options

Sequencing of Questions

Move Forward Only

Mark for Review

All Questions Mandatory

Resume/Reset Test

One-time Test Code

Copy-Paste Restricted

Negative Marking

Hint Based Partial Scoring

Random Candidate Photo Capture

ADVANTAGES OF ONLINE ASSESSMENT

ACCESSIBILITY & CONVENIENCE

Eliminate the need for test center and manual invigilation through online proctoring

COST EFFECTIVE

Upto **75%** reduction in time, money & effort and upto **23X** improvement in outcome

SCALABILITY

Conduct Secure, Customizable and auto-proctored online assessment on demand

FLEXIBILITY

Allows variety of question types

PAY PER USE

Pay only for the assessments you use

ENVIRONMENTAL IMPACT

By reducing the need for paper, online assessment contributes positively to the environment
